

Public Land in the Roman Republic

A Social and Economic History of Ager Publicus in Italy, 396–89 BC

Saskia T. Roselaar, University of Manchester and The Royal Society

In the first volume in this new series on Roman society and law, Saskia T. Roselaar traces the social and economic history of the *ager publicus*, or public land, identifying the developments in Roman economy and demography

which led to a gradual process of privatization.

Polybius' Histories

Brian C. McGing, Trinity College, Dublin

The *Histories* of the second-century B.C. author Polybius chronicles one of the most exciting, and important, developments in the ancient world—the transformation of Rome from an Italian peninsular state into the first, and only, pan-Mediterranean super-power

there has ever been. This volume provides an accessible introduction to this great work, of which forty books survive (of which only the first five are preserved in full) covering the period 264–146 B.C.

The Histories

Polybius

suitable as a student text

Translated by **Robin Waterfield**

Introduction and notes by **Brian McGing**, Trinity College, Dublin

Polybius' account of Rome's rise to world power and her method of rule is a major source for the history of the years 220–146 BC. This new translation includes Books 1–5 in their entirety and all of the fragmentary Books 6 and 12 on the Roman constitution and historiography. It is accompanied by an illuminating introduction and notes.

BIOGRAPHY

W. V. Harris

After three great revelatory experiences in youth (Oxford, Italy and New York), William Harris settled down to teach Greek and Roman history at Columbia University, where he is Shepherd Professor of History and Director of the Center for the Ancient Mediterranean. Among his honours and prizes, the one he treasures most is the Lionel Trilling Award bestowed on him by Columbia's undergraduates for his book *Restraining Rage: the Ideology of Anger Control in Classical Antiquity* (2002). He is married to the historian Silvana Patriarca.

Rome's Imperial Economy

Twelve Essays

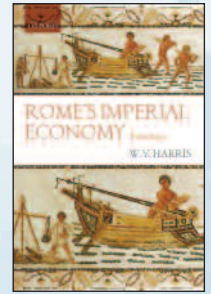

W. V. Harris, Columbia University

An assessment of the economic success of Imperial Rome, consisting of eleven previously published papers by the historian W. V. Harris, with additional comments to bring them up to date. Harris also includes a new study of poverty and destitution, and a substantial introduction which ties the collection together.

Tacitus' Annals

Ronald Mellor, University of California, Los Angeles

Tacitus' *Annals* is the central historical source for first-century C.E. Rome, but it has also become a central text in the western literary, political, and even philosophical traditions—from the Renaissance to the French and American revolutions, and beyond.

This volume attempts to enhance the general reader's understanding of why Tacitus' book is so remarkable that it has had such a profound effect across the centuries.

Cicero in Letters

Epistolary Relations of the Late Republic

Peter White, University of Chicago

Cicero in Letters analyses letter-writing habits and political preoccupations that define the correspondence between Cicero and his contemporaries during a period of crisis at the end of the Roman Republic.

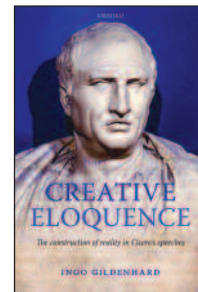

2010 | 256 pages | OUP USA

978-0-19-538851-0, HARDBACK

£40.00

Creative Eloquence

The Construction of Reality in Cicero's Speeches

Ingo Gildenhard, Durham University

A study of the orations of the Roman statesman Cicero (106–43 BC). Ingo Gildenhard does not treat them simply as models of eloquence, as previous critics have done, but as repositories for Cicero's most profound thinking on such perennial questions as the ethics of

happiness, the notion of conscience, and the problem of divine justice.

Cicero's Role Models

The Political Strategy of a Newcomer

Henriette van der Blom, Wolfson College, Oxford

A study of the rhetorical and political strategy adopted by the Roman orator and statesman Cicero as a newcomer in Roman republican politics. Henriette van der Blom argues that Cicero advertised himself as a follower of chosen models of behaviour from the past—

his role models—and in turn presented himself as a role model to others.

The Oxford Handbook of Social Relations in the Roman World

Edited by **Michael Peachin**, New York University

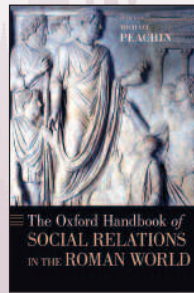

The study of Roman society and social relations has blossomed in the past thirty years. The purpose of this *Handbook* is twofold. On the one hand, it synthesizes what has heretofore been accomplished in this field. On the other hand, it attempts to configure the examination of Roman social relations in some new ways, and thereby indicates directions in which the discipline might now proceed.

Catiline's Conspiracy, The Jugurthine War, Histories

 suitable as a student text

Sallust

Translated by **William W. Batstone**, Ohio State University

These three works exemplify the Roman historian Sallust's condemnation of the excesses of the late Republic. In the conspiracy of Catiline and the war against Jugurtha he sees moral and political corruption and the tragedy of civil strife. This new

translation captures Sallust's distinctive style and considers his work as history and literature.

The Roman Nude

Heroic Portrait Statuary 200 BC–AD 300

Christopher H. Hallett, University of California at Berkeley

Nude statues of Roman emperors, generals, businessmen, and their wives survive from the ancient world in large numbers. This book explores the reasons why so many Romans chose to have themselves represented naked, and

what this choice may tell us about Roman attitudes towards the self, the body, and personal identity.

Galla Placidia

The Last Roman Empress

Hagith Sivan, University of Kansas

Even by the standards of royalty in antiquity the life of Galla Placidia (c. 390–450 CE) seems an aberration. Daughter, granddaughter, and sister of Roman emperors, wife of a Gothic chieftain and of a Roman general, and mother of a Roman emperor and of Attila's would-be bride, Galla's adventures reflect the vicissitudes of the late Roman Empire itself. This new biography incorporates and advances current approaches to the study of late antiquity in general and of women in particular.

Remembering the Roman People

Available in 

Essays on Late-Republican Politics and Literature

T. P. Wiseman, University of Exeter

'The importance of his work lies not only in what he argues but in how - and in the vision of the Roman past he invites us, with such enthusiasm and elegance, to share'

Mary Beard, *Times Literary Supplement*

A challenging reinterpretation of the political culture of the last century of the Roman Republic. Wiseman argues that the People had their own egalitarian ethos, usually in conflict with the self-styled 'best' (optimates), who, with their belief in justified murder, were responsible for the republic's breakdown in civil war.

NEW EDITION

Roman Homosexuality

SECOND EDITION

Craig A. Williams, Brooklyn College, City University of New York

Ten years after its original publication, *Roman Homosexuality* remains the definitive statement of this interesting but often misunderstood aspect of Roman culture. Learned yet accessible, the book has reached both students and

general readers with an interest in ancient sexuality. This second edition features a new foreword by Martha Nussbaum, a completely rewritten introduction that takes account of new developments in the field, a rewritten and expanded appendix on ancient images of sexuality, and an updated bibliography.

Statues in Roman Society

Representation and Response

Peter Stewart, Courtauld Institute of Art, London

Statues were everywhere in the Roman world. They served as objects of cult, honours to emperors and noblemen, and memorials to the dead. Taking an unprecedentedly broad overview of this remarkable phenomenon, *Statues in Roman Society* explains the impact which all kinds of statuary had on the ancient population.

Rome, Ostia, Pompeii

Movement and Space

Edited by Ray Laurence, University of Kent, and David J. Newsome, University of Birmingham

Studies of the Roman city are currently shifting away from architecture towards a dynamic understanding of activities within the urban space. This volume focuses on the movement or flow of a Roman city's inhabitants and visitors, demonstrating how it contributes to our understanding of the way different elements of society interacted in space.

Readers and Reading Culture in the High Roman Empire

A Study of Elite Communities

William Johnson, Duke University

In *Readers and Reading Culture in the High Roman Empire*, William Johnson examines the system and culture of reading among the elite in second-century Rome, with a focus on specific communities witnessed in surviving literary sources and in the papyri. The result is a rich cultural history of individual reading communities that differentiate themselves in interesting ways even while in aggregate showing a coherent reading culture with fascinating similarities and contrasts to the reading culture of today.

A Cabinet of Roman Curiosities

Strange Tales and Surprising Facts from the World's Greatest Empire

J. C. McKeown, University of Wisconsin, Madison

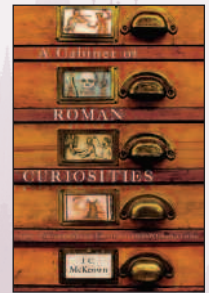

'Even for confirmed classicists, it's a highly entertaining read.'

James McConnachie, *Sunday Times*

A Cabinet of Roman Curiosities is a serendipitous collection of odd facts and opinions, carefully gleaned from the wide body of evidence left to us by the Romans themselves. Each highlights a unique and curious feature of life in ancient Rome. Readers will find a plethora of trivial but fascinating facts about Rome, from the fantastical (a description of werewolves) to the quotidian (styles of chamber pots), and from the refined (dining etiquette of Pompeians) to the crude (punishments for mutineers). The author has organised the entries around major themes; for example, the army, women, education, and spectacles, making the book easily accessible for quick browsing or for more deliberate consumption. Throughout, the purpose of the enterprise is to amuse and to stimulate an interest in the ancient world's most remarkable and abundantly documented empire.

Rabbinic Texts and the History of Late-Roman Palestine

Edited by Martin Goodman, University of Oxford, and Philip Alexander, University of Manchester

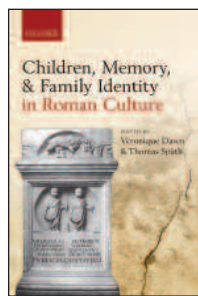

This volume explains to ancient historians the value of the surviving rabbinic material from late-antiquity as evidence for the history of late-Roman Palestine, the nature of that material, and the problems inherent in its use for historical purposes. The book will be invaluable for all scholars concerned with the history of the later Roman Empire.

The Ruin of the Eternal City

Antiquity and Preservation in Renaissance Rome

David Karmon, College of the Holy Cross

The Ruin of the Eternal City provides the first systematic analysis of the preservation practices of the popes, civic magistrates, and ordinary citizens of Renaissance Rome. This study offers a new understanding of historic preservation as it occurred during the extraordinary rebuilding of a great European capital city.
