

Access to Medicine in the Global Economy

International Agreements on Patents and Related Rights

Cynthia Ho, Research Professor of Law, Loyola University, Chicago School of Law

International laws require most nations to provide patents on drugs, resulting in premium prices that limit access. In *Access to Medicine in the Global Economy*, Professor Cynthia Ho explains such laws and their impact for a diverse group of readers, from scholars and policy makers to students in a variety of disciplines.

Blame it on the WTO?

A Human Rights Critique

Sarah Joseph, Director, Castan Centre for Human Rights Law, Monash University, Melbourne

The WTO is often accused of not paying enough attention to human rights. This book asks whether the WTO is under an obligation to construct a fairer trade system and discusses suggestions for reform.

978-0-19-956589-4 | Hardback | £60.00
368 Pages | April 2011

International Harmonization of Economic Regulation

Junji Nakagawa, Institute of Social Science, University of Tokyo

This book focuses on the backgrounds and objectives of international harmonization, the negotiating processes involved, and the impact of harmonization on domestic laws and their administration.
