

The Oxford Handbook of Empirical Legal Research

Edited by **Peter Cane**, Australian National University and **Herbert M. Kritzer**, University of Minnesota Law School

The empirical study of law, legal systems and legal institutions is one of the most exciting and important intellectual developments in the modern history of legal research. Motivated by a conviction that legal phenomena can and should be understood not only in normative terms but also as social practices of political, economic and ethical significance, empirical legal researchers have used quantitative and qualitative methods to illuminate many aspects of law's meaning, operation and impact.

In the 43 chapters of *The Oxford Handbook of Empirical Legal Research* leading scholars provide accessible and original discussions of the history, aims and methods of empirical research about law, as well as its achievements and potential. The Handbook has four parts. The first deals with the development and institutional context of empirical legal research. The second – and largest – part consists of critical accounts of empirical research on many aspects of criminal law, civil law, public law, regulatory law and international law; on lawyers, judicial institutions, legal procedures and evidence; and on legal pluralism and public understanding of law. The third part introduces readers to the methods of empirical research, while the fourth is concerned with the place of empirical legal research in the law school curriculum.

NEW EDITION

Oxford Principles of English Law

English Private Law (2nd edn) and English Public Law (2nd edn)

SECOND EDITION

Edited by **Andrew Burrows FBA QC**, Norton Rose Professor of Commercial Law, University of Oxford, and **David Feldman FBA QC**, Rouse Ball Professor of English Law, University of Cambridge

Now both in their second editions *English Private Law* and *English Public Law* have become the key point of reference on English law for lawyers in the UK and throughout the world. They provide lucid, concise, and authoritative overviews of all aspects of English private and public law within single portable volumes.

Tom Bingham and the Transformation of the Law

A Liber Amicorum

Mads Andenas, Professor of Law, University of Oslo, and **Duncan Fairgrieve**, Fellow in Comparative Law and Director of the Tort Law Centre at the British Institute of International and Comparative Law

'The book is immensely rich. Anyone reading it from cover to cover will be well informed on all the great issues of the day.'

Joshua Rozenberg, Gazette

Tom Bingham is among the most influential judges of the twentieth century, having occupied in succession the most senior judicial offices, Master of the Rolls, Lord Chief Justice and, currently, Senior Law Lord. His judicial and academic work has deeply influenced the development of the law in a period of substantial legal change. In particular his role in establishing the new UK Supreme Court, and his views on the rule of law and judicial independence have left a profound mark on UK constitutional law. He has also been instrumental in championing the academic and judicial use of comparative law, through his judicial work and involvement with the British Institute of International and Comparative Law.

This volume collects around fifty essays from colleagues and those influenced by Lord Bingham, from across academia and legal practice. The essays survey Lord Bingham's pivotal role in the transformations that have taken place in the legal system during his career.

The New Oxford Companion to Law

Edited by **Peter Cane**, Professor of Law, Australian National University, and **Joanne Conaghan**, Professor of Law, Kent Law School

'The book provides unrivalled encyclopaedic coverage of the fundamental major areas of law, from specific laws to crimes, cases, personalities, legal events, the role of law in national and international politics, and law's underlying philosophy...and all in one place!'

Phillip Taylor

For any reader needing a clear, concise explanation of a subject in law *The New Oxford Companion to Law* is the ideal reference work.

Written by an international team of over 700 experts from academia and the legal profession providing greater depth than legal dictionaries but always accessible to the non-expert, entries in the Companion cover all areas of law and legal systems and are extensively cross-referenced for ease of navigation.
