

Ellinger's Modern Banking Law

Fifth Edition

E.P. Ellinger, *Professor of Law, the National University of Singapore*, **E. Lomnicka**, *Professor of Law, King's College London*, and **C. Hare**, *Senior Lecturer in Law, University of Auckland, New Zealand*

Ellinger's Modern Banking Law examines the different types of banks and banking organizations operating in the United Kingdom, also making use of American, Canadian, New Zealand and Australian examples.

It provides analysis of the banker and customer relationship, explaining the different types of accounts available, the duties and the liabilities of banks, and the latest processes used in the clearance of cheques, plastic money and electronic money transfers. Issues relating to overdrafts, bank loans, credit agreements, and securities for bankers' advances are covered.

This is a significant book for undergraduates and postgraduates alike, as well as practitioners, providing comprehensive and up-to-date coverage.

new edition

Sets banking law against the background of general legal doctrines and banking regulation

Commercial Law

Text, Cases, and Materials

Fourth Edition

L.S. Sealy, *Emeritus S.J. Berwin Professor of Corporate Law, University of Cambridge*, and **R.J.A. Hooley**, *Professor of Law, King's College London; Fellow of Fitzwilliam College, Cambridge*

Combining extracts from cases and other materials with substantial commentary and explanatory text, Sealy and Hooley provide context for the extracts, question their significance, and provide an authoritative guide to commercial law.

Commercial Law: Text, Cases, and Materials follows a very clear structure, discussing topics covered on commercial law courses not as separate entities, but as part of a coherent whole, enabling students to make links easily between different areas of the law. Fundamental concepts such as ownership, possession, and good faith run through the book, offering common themes connecting each area. The authors supply extensive commentary on key decisions, helping students to focus on the most important areas; also provided are European and American examples, ensuring that students have access to a comparative analysis of commercial law as it operates throughout the world.

Key features

- The detailed explanatory text encourages readers to engage critically with the material, leading to a deeper understanding of the issues involved
- Diagrams and questions encourage students to monitor their progress, absorb what they have learned and test their theoretical knowledge

1,240 pp September 2008 978-0-19-929903-4 Paperback £34.99

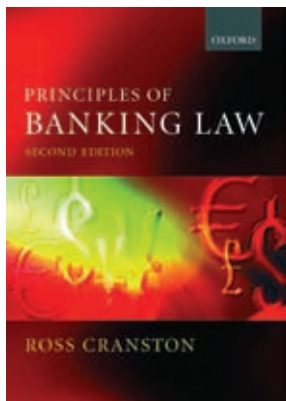

CONTENTS:

An indispensable and hugely popular resource for students of law and business management

Principles of Banking Law

Second Edition

Ross Cranston QC, Judge; Visiting Professor at the London School of Economics

Written by a leading figure in the field, this edition provides an authoritative account of the subject. The book focuses on international banking and financial services law, with in-depth expert coverage of global banking regulation, global payment systems, international bond instruments and foreign exchange systems. Cranston takes an international perspective on the subject, helping to locate domestic finance and banking law in its wider context.

520 pp 2002 978-0-19-925331-9 Paperback £37.99

Commercial Law

Third Edition

Robert Bradgate, Reader in Commercial Law, University of Sheffield

Commercial Law offers the student comprehensive coverage of the general principles and key topics of commercial law including the law of agency, sale of goods, commercial and consumer credit and security, banking, international trade, insurance and commercial dispute resolution. With a critical and contextual approach, the text places strong emphasis on an understanding of how contracts are used in a business environment, demonstrating how different contracts interlock within a single commercial activity. It addresses too, some of the novel legal problems created by commercial practice.

1,000 pp 2000 978-0-40-691603-7 Paperback £32.99

Transnational Commercial Law

Text, Cases and Materials

Roy Goode, Emeritus Professor of Law in the University of Oxford and Emeritus Fellow of St. John's College, Oxford, Herbert Kronke, Secretary-General UNIDROIT, Rome, and Professor of Law at the University of Heidelberg, Ewan McKendrick, Pro-Vice-Chancellor and Herbert Smith Professor of English Private Law in the University of Oxford, and Jeffrey Wool, Consultant, Freshfields Bruckhaus Deringer, London, and Secretary to the Aviation Working Group

Transnational Commercial Law: Text, Cases and Materials brings together all the major transnational commercial law instruments relating to commercial contracts in a logical and accessible way. The authors provide students with an extensive discussion on the theoretical issues raised by the law.
