

Each legal skill is set in its wider context with clear links to other legal skills and to academic and legal practice

## Legal Skills

Second Edition

Emily Finch and Stefan Fafinski, Lecturers in Law at Brunel University

*Legal Skills* encompasses all the academic and practical legal skills vital to a law degree in one manageable volume. Written in an informal, lively and entertaining style with concepts illustrated using examples that speak to real life experience and diagrams to support the written text, it is an ideal text for the first-year law student and is also a valuable resource for those studying law at any level.

The book covers both academic and practical skills in one manageable volume, meaning students need only buy one text and are encouraged to develop an overarching and integrated understanding of academic and practical legal skills.

Self-test questions and practical activities are provided and can be integrated into lectures and seminars to encourage active engagement with the subject and fostering grounded, practical experience of utilising legal skills.

### New to this edition

- A new chapter on writing dissertations provides support and advice for students embarking on a legal dissertation
- A new chapter on referencing and plagiarism provides a clear and accessible introduction to these important topics and is accompanied by questions on the online resource centre to enable students to test their understanding
- A new introductory section outlines the approach of the book and the importance of legal skills in both academic study and future employability
