

## Blackstone's Civil Practice 2005

Edited by **William Rose**, Circuit Judge, **Stuart Sime**, Barrister, Senior Lecturer, Inns of Court School of Law, and **Derek French**, Legal writer and editor

'Law firms and chambers should add it to their libraries as a matter of course'  
*New Law Journal*

- The only major civil practice work to provide a complete, unified, commentary based on the chronology of a claim
- Gives practitioners a clear statement of the law and puts analysis of precedent in context
- Contains full text of the CPR, Practice Directions, Pre-action Protocols and Practice Guides
- Accompanied by a regularly updated companion web site

*Blackstone's Civil Practice 2005* provides authoritative coverage and expert analysis of the process of civil litigation in the county courts and in the High Court. Written by a team of distinguished authors, it combines a unique narrative commentary with the full text of the Civil Procedure Rules, Practice Directions, Pre-Action Protocols and Practice Guides. All copies of *Blackstone's Civil Practice 2005* come complete with a CD-ROM, which is issued simultaneously with the bound book and contains all relevant forms. This edition includes rule changes which came into force on 4 April 2005 and incorporates the 38th and 39th Updates to the CPR.

## A PRACTICAL APPROACH SERIES

### A Practical Approach to Civil Procedure

Eighth Edition

**Stuart Sime**, Barrister and Inns of Court School of Law

*'Approaches the topic with a thoroughness and enthusiasm that is commendable.'*

*The Legal Executive Journal*

*'From pre-action protocols to appeals, all substantive steps are covered with clarity and in refreshingly simple language.'*

*New Law Journal*

*'An excellent text which is a must for any student or practitioner'*

*The Student Law Journal*

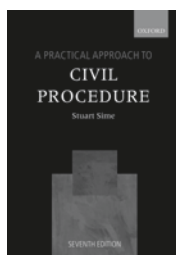

Any lawyer practising in the civil courts in England and Wales needs a thorough grasp of practice and procedure, and the rules of practice as applied by the courts. This book provides a comprehensive and easily digestible commentary on all the major areas of civil procedure. It has been designed to cover points that are likely to arise in day-to-day practice. Sime explains the various procedures that must be followed as a claim progresses from its early stages through its interim stages and on to trial, enforcement, and possible appeal. The new edition includes numerous changes made by amendments to the Civil Procedure Rules and Practice Directions, including changes to appeals, dispositions, and the electronic issue of proceedings.

### A Practical Approach to Effective Litigation

Sixth Edition

**Susan Blake**, Director of Studies, and Associate Dean, Inns of Court School of Law

- A comprehensive guide to the use of legal skills in practice, combined with substantive law and procedural and evidential rules
- Offers sound advice on analysing a case and representing a client, as well as guidance on writing and drafting effectively
- Provides a step-by-step guide to litigation from the first interview to post-judgement

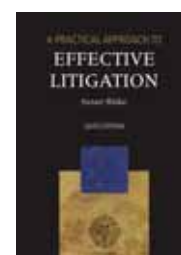

This book analyses the key skills that a lawyer needs to handle a case effectively, following the litigation process from beginning to end. It presents these skills in a practical way, and in the context of using law and the rules of procedure and evidence. Based on the author's popular *A Practical Approach to Legal Advice and Drafting*, this new edition combines both procedure and skills together with case examples, forms, and checklists to provide an understanding of the area.

## Foreign Law in Civil Litigation

### A Comparative and Functional Analysis

**Sofie Geeroms**, Swiss Institute of Comparative Law

This work provides an analysis of how foreign law should be pleaded and dealt with in the litigation process of another country. What weight should the trial court give to the relevant foreign law, and how should it decide what the foreign law actually is? The way foreign law is procedurally treated in court indicates to a certain extent the degree of tolerance of a legal system towards foreign ideas. The book compares how these issues are handled in different national systems, with particular focus upon civil litigation rules in the US, UK, France, Germany, the Netherlands, and Belgium.

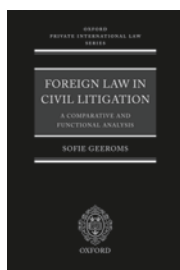

#### TABLE OF CONTENTS:

General Introduction  
 PART ONE: FOREIGN LAW AT THE TRIAL LEVEL  
 Introduction  
 1 The Decision-making Process in Civil Litigation with Comparative Perspectives  
 2 The Introduction and Ascertainment of Foreign Law  
 3 Principle and Policy at the Trial Level  
 PART TWO: FOREIGN LAW AT THE REVIEW LEVEL  
 Introduction  
 4 Final Review: Cassation, Revision, and Appeal Compared  
 5 The Power to Review Foreign Law  
 6 Principle and Policy at the Review Level  
 7 Conclusion: Towards a Positive Attitude to Foreign Law

## English Civil Procedure

### Fundamentals of the New Civil Justice System

**Neil Andrews**, Clare College, University of Cambridge

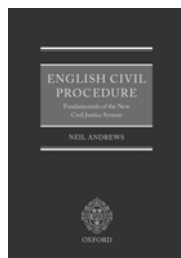

'Neil Andrews has produced an excellent book examining the new code of civil procedure introduced as a result of Lord Woolf's Herculean efforts. It will be of immense benefit to both academics and practitioners.'

**Ross Cranston QC, MP**

This is a systematic and analytical account of the new system of civil procedure and justice in England and Wales. The book is both comprehensive and detailed, focusing in particular on the fundamental principles that underlie the post-Woolf system. These include the principles set out in the Woolf reforms themselves, principles relating to civil justice derived from the Human Rights Act and ECHR, and older common law principles that continue to apply. This book provides a much-needed commentary to the Civil Procedure Rules.

## Civil Procedure Handbook 2005

Second Edition

Compiled by **Victoria Williams**, 2 Gray's Inn Square Chambers

'This is an excellent text for any practitioner...it provides an authoritative and accessible source of civil procedure rules.'

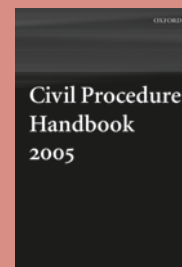

**Student Law Journal**

- A unique resource, ideal as a complement to the narrative works in this area
- Clear, accessible layout - a simple and effective way to quickly access the rules you need

Keeping up-to-date and informed about the changes to the Civil Procedure Rules is important for practitioners and students alike. Allowing readers to do just that, this useful, quick reference book contains the full text of the Civil Procedure Rules, Practice Directions, and Pre-Action Protocols. Affordable, accessible and portable, this handbook is an ideal complement to the larger narrative texts in the area - a simple and effective way to access the rules quickly. The *Civil Procedure Handbook 2005* contains all Civil Procedure Rules, Practice Directions, and Pre-Action Protocols including the 38th and 39th Updates to the CPR.

## The Technology and Construction Court

### Practice and Procedure

**Michael E Davis**, Partner, Head of International Arbitration Practice and Head of Construction and Engineering Practice at Herbert Smith, and **Robert Akenhead QC**, Head of Chambers, Atkin Chambers

*The Practice and Procedure of the Technology and Construction Court* provides a unique and authoritative guide to this specialist jurisdiction of the High Court. It examines the day-to-day workings of the Court in detail and offers practical, step-by-step guide to the practice and procedures involved in the initiating and defending of proceedings, together with expert analysis and guidance on matters unique to the Court. The narrative is supported by comprehensive appendices containing relevant legislation, rules of procedure, Practice Directions, statutory instruments, and standard forms. The authors are specialist practitioners with extensive experience of the Court from both sides of the legal profession. This detailed and authoritative guide to the practice and procedure of this Court will be an essential reference work for all practitioners and in-house counsel involved with construction, engineering and IT disputes.
