Section 1 Introduction

Derek Doyle, Geoffrey Hanks, Nathan I. Cherny, and Kenneth Calman

Section 2 The challenge of palliative medicine

- 2.1 The problem of suffering 7
Nathan I. Cherny
- 2.2 The epidemiology of death and symptoms 14
Irene J. Higginson and Julia M. Addington-Hall
- 2.3 Palliative medicine and modern cancer care 24
Neil MacDonald
- 2.4 Predicting survival in patients with advanced disease 29
Paul Glare and Nicholas Christakis
- 2.5 The interdisciplinary team 42
J. Norelle Lickiss, Kristen S. Turner, and M. Lois Pollock
- 2.6 Economics-based palliative medicine 46
Alan Maynard

Section 3 Ethical issues

- 3.1 Introduction 55
Kenneth Calman
- 3.2 Confidentiality 58
Neil MacDonald

- 3.3 Truth-telling and consent 61
Robin Downie and Fiona Randall
- 3.4 Educating for professional competence in palliative medicine 65
Graham Buckley and Ann Smyth
- 3.5 Palliative medicine and children: ethical and legal issues 70
Len Doyal, Ann Goldman, Vic Larcher, and Cyril Chantler
- 3.6 Ethical issues in palliative care research 76
Neil MacDonald and Charles Weijer
- 3.7 Euthanasia and withholding treatment 84
David J. Roy

Section 4 Communication and palliative medicine

- 4.1 Communication with the patient and family in palliative medicine 101
Lesley Fallowfield
- 4.2 Communication with professionals 107
David Jeffrey
- 4.3 Communication with the public, politicians, and the media 112
Kenneth Calman

Section 5 Research in palliative medicine

- 5.1 The principles of evidence-based medicine 119
Henry J. McQuay, Andrew Moore, and Philip Wiffen
- 5.2 Research in palliative care: getting started 128
Geoffrey Hanks, Stein Kaasa, and Margaret Robbins
- 5.3 Qualitative research 138
Linda J. Kristjanson and Nessa Coyle
- 5.4 Clinical trials of treatments for pain 144
Mitchell B. Max and Russell K. Portenoy

- 5.5 Research into psychosocial issues 154
David W. Kissane and Annette F. Street

Section 6 Patient evaluation and outcome measures

- 6.1 The measurement of pain and other symptoms 167
Jane M. Ingham and Russell K. Portenoy
- 6.2 Clinical and organizational audit in palliative medicine 183
Irene J. Higginson
- 6.3 Quality of life in palliative medicine—principles and practice 195
Stein Kaasa and Jon Håvard Loge

Section 7 Principles of drug use in palliative medicine

Geoffrey Hanks, Clive J.C. Roberts, and Andrew N. Davies

Section 8 Symptom management

- 8.1 Disease modifying management
- 8.1.1 Palliative medicine and the treatment of cancer 229
Malcolm McIlmurray
- 8.1.2 Radiotherapy in symptom management 239
Peter J. Hoskin
- 8.1.3 Surgical palliation 255
Richard Sainsbury, Carolynne Vaizey, Ugo Pastorino, Timothy Mould, and Mark Emberton
- 8.1.4 Orthopaedic principles and management 266
Charles S.B. Galasko
- 8.1.5 Interventional radiology 279
Tarun Sabharwal, Anne P. Hemingway, and Andy Adam
- 8.2 The management of pain
- 8.2.1 Pathophysiology of pain in cancer and other terminal diseases 288
Rich Payne and Gilbert R. Gonzales
- 8.2.2 Acute and chronic cancer pain syndromes 298
Kathleen M. Foley
- 8.2.3 Opioid analgesic therapy 316
Geoffrey Hanks, Nathan I. Cherny, and Marie Fallon
- 8.2.4 Non-opioid analgesics 342
Henry J. McQuay and Andrew Moore

- 8.2.5 Adjuvant analgesics in pain management 349
David Lussier and Russell K. Portenoy
- 8.2.6 Anaesthetic techniques for pain control 378
Robert A. Swarm, Menelaos Karanikolas, and Michael J. Cousins
- 8.2.7 Neurosurgical approaches in palliative medicine 396
Samuel J. Hassenbusch and Nathan I. Cherny
- 8.2.8 Transcutaneous electrical nerve stimulation (TENS) 405
Michaela Bercowitz and Alexander Waller
- 8.2.9 Acupuncture 410
Jacqueline Filshie and John W. Thompson
- 8.2.10 Psychological and psychiatric interventions in pain control 424
William Breitbart, David Payne, and Steven D. Passik
- 8.2.11 Difficult pain problems: an integrated approach 438
Russell K. Portenoy, Karen Forbes, David Lussier, and Geoffrey Hanks

8.3 Gastro-intestinal symptoms

- 8.3.1 Palliation of nausea and vomiting 459
Kathryn A. Mannix
- 8.3.2 Dysphagia, dyspepsia, and hiccup 468
Claud Regnard
- 8.3.3 Constipation and diarrhoea 483
Nigel Sykes
- 8.3.4 Pathophysiology and management of malignant bowel obstruction 496
Carla Ripamonti and Sebastiano Mercadante
- 8.3.5 Jaundice, ascites, and hepatic encephalopathy 507
Krikor Kichian and Vincent G. Bain

8.4 Nutrition in palliative medicine

- 8.4.1 Pathophysiology of the anorexia/cachexia syndrome 520
Florian Strasser
- 8.4.2 Clinical assessment and decision-making in cachexia and anorexia 533
Robin L. Fainsinger and Jose Pereira
- 8.4.3 Dietary and nutritional aspects of palliative medicine 546
Isobel Davidson and Rosemary Richardson
- 8.4.4 Pharmacological interventions in cachexia and anorexia 552
Eduardo Bruera and Catherine Sweeney

8.5 Fatigue and asthenia 560

Catherine Sweeney, Hans Neuenschwander, and Eduardo Bruera

- 8.6 Clinical management of anaemia, cytopenias, and thrombosis in palliative medicine 568
A. Robert Turner
- 8.7 Pruritus and sweating in palliative medicine 573
Mark R. Pittelkow and Charles L. Loprinzi
- 8.8 Palliative medicine in malignant respiratory diseases 587
Kin-Sang Chan, Michael M.K. Sham, Doris M.W. Tse, and Anne Berit Thorsen
- 8.9 Skin problems in palliative medicine
- 8.9.1 Medical aspects 618
Ian C. Pearson and Peter S. Mortimer
- 8.9.2 Nursing aspects 628
Patricia Grocott and Carol Dealey
- 8.9.3 Lymphoedema 640
Peter S. Mortimer and Caroline Badger
- 8.10 Genito-urinary problems in palliative medicine 647
Richard W. Norman and Greg Bailly
- 8.11 Head and neck cancer 658
Barbara A. Murphy, Anthony Cmelak, Steven Bayles, Ellie Dowling, and Cheryl R. Billante
- 8.12 Mouth care 673
Franco De Conno, Alberto Sbanotto, Carla Ripamonti, and Vittorio Ventafridda
- 8.13 Endocrine and metabolic complications of advanced cancer 687
Mark Bower and Sarah Cox
- 8.14 Neurological problems in advanced cancer 702
Augusto Caraceni, Cinzia Martini, and Fabio Simonetti
- 8.15 Brain tumours 727
Claudia Bausewein, Gian Domenico Borasio, and Raymond Voltz
- 8.16 Sleep in palliative care 731
Michael J. Sateia and Robert B. Santulli
- 8.17 Psychiatric symptoms in palliative medicine 746
William Breitbart, Harvey Max Chochinov, and Steven D. Passik
- 9.3 Psychological adaptation of the dying child 798
Michael M. Stevens
- 9.4 Care of the dying child and adolescent: family adjustment and support 806
Michael M. Stevens
- 9.5 Special consideration for children in palliative medicine 822
Betty Davies and Elizabeth H. Sumner
- 9.6 Bereavement issues and staff support 831
Betty Davies and Stacy Orloff

Section 10 Palliative medicine in non-malignant disease

- 10.1 Introduction 843
Marie Fallon
- 10.2 AIDS in adults 847
Roger Woodruff and Paul Glare
- 10.3 Palliative medicine for children and adolescents with HIV/AIDS 880
Ram Yogev and James M. Oleske
- 10.4 Palliative medicine and non-malignant, end-stage respiratory disease 895
Richard M. Leach
- 10.5 Palliative medicine for patients with end-stage heart disease 917
Andrew D. McGavigan and Francis G. Dunn
- 10.6 Palliative medicine in non-malignant neurological disorders 925
Gian Domenico Borasio, Angela Rogers, and Raymond Voltz
- 10.7 Palliative medicine and care of the elderly 935
Diane E. Meier and Anna Monias
- 10.8 Palliative medicine in intensive care 945
Simon Cohen and Thomas J. Prendergast

Section 11 Cultural and spiritual aspects of palliative medicine

Joseph P. Cassidy and Douglas J. Davies

Section 12 Emotional issues in palliative medicine

- 12.1 The emotional problems of the patient in palliative medicine 961
Mary L.S. Vachon

Section 9 Paediatric palliative medicine

- 9.1 Pain control 775
Patricia A. McGrath and Stephen C. Brown
- 9.2 Symptom control in life-threatening illness 789
John J. Collins

- 12.2 Emotional problems in the family 985
Joan T. Panke and Betty R. Ferrell
- 12.3 The stress of professional caregivers 992
Mary L.S. Vachon

Section 13 Social work in palliative medicine

Barbara Monroe

Section 14 Rehabilitation in palliative medicine

Adrian J. Tookman, Katherine Hopkins, and Karon Scharpen-von-Heussen

Section 15 The contribution to palliative medicine of allied health professions

- 15.1 The contribution of occupational therapy to palliative medicine 1035
Jo Bray and Jill Cooper
- 15.2 The contribution of music therapy to palliative medicine 1041
Clare O'Callaghan
- 15.3 The contribution of the dietician and nutritionist to palliative medicine 1047
Rosemary Richardson and Isobel Davidson
- 15.4 The contribution of physiotherapy to palliative medicine 1050
Luke Doyle, Jenny McClure, and Sarah Fisher
- 15.5 The contribution of speech and language therapy to palliative medicine 1057
Alison MacDonald and Linda Armstrong
- 15.6 The contribution of art therapy to palliative medicine 1063
Michèle Wood
- 15.7 The contribution of stoma therapy to palliative medicine 1068
Mave Salter
- 15.8 The contribution of clinical psychology to palliative medicine 1073
Fiona Cathcart

- 15.9 The contribution of the clinical pharmacist to palliative medicine 1079
Helen Fielding and Dorothy McArthur

Section 16 Complementary therapies in palliative medicine

Barrie R. Cassileth and Glenn Schulman

Section 17 Palliative medicine in the home

- 17.1 Palliative medicine in the home: an overview 1097
Derek Doyle
- 17.2 Palliative care in the home: North America 1114
S. Lawrence Librach

Section 18 The terminal phase

Carl Johan Fürst and Derek Doyle

Section 19 Bereavement

David W. Kissane

Section 20 Education and training in palliative medicine

- 20.1 Introduction 1155
Kenneth Calman
- 20.2 Training family physicians 1158
Ilori Finlay and Simon R. Noble
- 20.3 Training specialists in palliative medicine 1166
Andrew M. Hoy
- 20.4 Learning counselling 1176
Peter Maguire and Carolyn Pitceathly
- 20.5 The role of the humanities in palliative medicine 1182
Deborah Kirklin
- 20.6 Internet and IT learning 1189
Claud Regnard

Section 21 Palliative medicine—a global perspective

Jan Stjernswärd and David Clark
