

Contributors

- Andy Adam** Professor of Interventional Radiology, Department of Radiology, St Thomas' Hospital, London, UK
8.1.5 Interventional radiology
- Julia M. Addington-Hall** Professor, Department of Palliative Care and Policy, GKT School of Medicine, King's College, London, UK
2.2 The epidemiology of death and symptoms
- Linda Armstrong** Hon. Research Fellow, Department of Speech and Language Sciences, Queen Margaret University College, Edinburgh, UK
15.5 The contribution of speech and language therapy to palliative medicine
- Caroline Badger** Research Fellow—Systematic Reviews, Royal College of Nursing, RCN Institute, London, UK
8.9.3 Lymphoedema
- Greg Bailly** Chief Resident, Department of Urology, Dalhousie University, Nova Scotia, Canada
8.10 Genito-urinary problems in palliative medicine
- Vincent G. Bain** Associate Professor, Department of Gastro-Enterology, University of Alberta, Edmonton, Canada
8.3.5 Jaundice, ascites, and hepatic encephalopathy
- Claudia Bausewein** Attending Physician, Interdisciplinary Palliative Care Unit, Munich University Hospital—Grosshadern, Munich, Germany
8.15 Brain tumours
- Steven Bayles** Assistant Professor, Vanderbilt-Bill Wilkerson Center for Otolaryngology and Communication Sciences, Nashville, TN, USA
8.11 Head and neck cancer
- Michaela Bercowitz** Palliative Care Physician, The Hospice, Sheba Medical Centre, Tel Aviv, Israel
8.2.8 Transcutaneous electrical nerve stimulation (TENS)
- Cheryl R. Billante** Adjunct Assistant Professor of Otolaryngology, Vanderbilt Voice Center, Nashville, TN, USA
8.11 Head and neck cancer
- Gian Domenico Borasio** Chief Attending Physician, Interdisciplinary Palliative Care Unit and Department of Neurology, Munich University Hospital—Grosshadern, Munich, Germany
8.15 Brain tumours
10.6 Palliative medicine in non-malignant neurological disorders
- Mark Bower** Consultant Medical Oncologist, Chelsea and Westminster Hospital, London, UK
8.13 Endocrine and metabolic complications of advanced cancer
- Jo Bray** Director, The Diana Princess of Wales Memorial Trust, The Royal Marsden Hospital, London, UK
15.1 The contribution of occupational therapy to palliative medicine
- William Breitbart** Chief of Psychiatry Service, Department of Psychiatry and Behavioural Sciences, Memorial Sloan Kettering Cancer Center, New York, USA
8.2.10 Psychological and psychiatric interventions in pain control
8.17 Psychiatric symptoms in palliative medicine
- Stephen C. Brown** Pain Program Director, Department of Anaesthesia, The Hospital for Sick Children, Toronto, Canada
9.1 Pain control
- Eduardo Bruera** Professor and Chief of Service, Department of Pain Control and Palliative Care, University of Texas, MD Anderson Cancer Center, USA
8.4.4 Pharmacological interventions in cachexia and anorexia
8.5 Fatigue and asthenia
- Graham Buckley** Chief Executive, NHS Education for Scotland, Edinburgh, UK
3.4 Educating for professional competence in palliative medicine
- Sir Kenneth Calman** Vice Chancellor and Warden, University of Durham, Durham, UK
1 Introduction
3.1 Introduction
4.3 Communication with the public, politicians, and the media
20.1 Introduction
- Augusto Caraceni** Consultant Neurologist, Rehabilitation and Palliative Care, Istituto Nazionale dei Tumori, Milan, Italy
8.14 Neurological problems in advanced cancer
- Rev. Joseph P. Cassidy** Principal, St Chad's College, University of Durham, Durham, UK
11 Cultural and spiritual aspects of palliative medicine
- Barrie R. Cassileth** Professor and Chief of Service, Integrative Medicine Service, Memorial Sloan Kettering Cancer Center, New York, USA
16 Complementary therapies in palliative medicine
- Fiona Cathcart** Senior Clinical Psychologist, St Columba's Hospice, Edinburgh, UK
15.8 The contribution of clinical psychology to palliative medicine
- Kin-Sang Chan** Chief of Service and Consultant, Pulmonary and Palliative Care Unit, Haven of Hope Hospital, Kowloon, Hong Kong
8.8 Palliative medicine in malignant respiratory diseases
- Sir Cyril Chantler** Emeritus Professor, University of London/Chairman, Great Ormond Street Hospital for Children, London, UK
3.5 Palliative medicine and children: ethical and legal issues
- Nathan I. Cherny** Director, Cancer Pain and Palliative Medicine, Department of Medical Oncology and Palliative Medicine, Share Zedek Medical Center, Jerusalem, Israel
1 Introduction
2.1 The problem of suffering
8.2.3 Opioid analgesic therapy
8.2.7 Neurosurgical approaches in palliative medicine
- Harvey Max Chochinov** Professor, Department of Psychiatry, University of Manitoba, Winnipeg, Canada
8.17 Psychiatric symptoms in palliative medicine
- Nicholas Christakis** Professor, Department of Health Care Policy, Harvard Medical School, Boston, USA
2.4 Predicting survival in patients with advanced disease
- David Clark** Professor, Institute for Health Research, Lancaster University, Lancaster, UK
21 Palliative medicine—a global perspective
- Anthony Cmelak** Assistant Professor, Department of Radiation Oncology, Vanderbilt-Ingram Cancer Center, Nashville, TN, USA
8.11 Head and neck cancer
- Simon Cohen** Consultant Physician, Department of Medicine, Bloomsburg Institute of Intensive Care, London, UK
10.8 Palliative medicine in intensive care
- John J. Collins** Head, Pain and Palliative Care Services, Children's Hospital, Westmead, Sydney, Australia
9.2 Symptom control in life-threatening illness
- Jill Cooper** Head Occupational Therapist, Department of Occupational Therapy, The Royal Marsden Hospital, London, UK
15.1 The contribution of occupational therapy to palliative medicine

- Michael J. Cousins** Professor, Department of Anaesthesia and Pain Management, Royal North Shore Hospital, Sydney, Australia
8.2.6 *Anaesthetic techniques for pain control*
- Sarah Cox** Consultant in Palliative Care, Chelsea and Westminster Hospital, London, UK
8.13 *Endocrine and metabolic complications of advanced cancer*
- Nessa Coyle** Director, Supportive Care Program, Department of Neurology, Memorial Sloan Kettering Cancer Center, New York, USA
5.3 *Qualitative research*
- Isobel Davidson** Senior Lecturer, Department of Dietetics and Nutrition, Queen Margaret University College, Edinburgh, UK
8.4.3 *Dietary and nutritional aspects of palliative medicine*
15.3 *The contribution of the dietician and nutritionist to palliative medicine*
- Andrew N. Davies** McAlpine Macmillan Consultant Senior Lecturer in Palliative Medicine, University of Bristol Department of Palliative Medicine, Bristol Haematology and Oncology Centre, Bristol, UK
7 *Principles of drug use in palliative medicine*
- Betty Davies** Professor, Family Health Care Nursing, UCSF School of Nursing, San Francisco, USA
9.5 *Special consideration for children in palliative medicine*
9.6 *Bereavement issues and staff support*
- Rev. Douglas J. Davies** Department of Theology, University of Durham, Durham, UK
11 *Cultural and spiritual aspects of palliative medicine*
- Franco De Conno** Director, Rehabilitation and Palliative Care, Istituto Nazionale Dei Tumori, Milan, Italy
8.12 *Mouth care*
- Carol Dealey** Research Fellow, Research Development Team, University Hospital Birmingham NHS Trust, Queen Elizabeth Hospital, Birmingham, UK
8.9.2 *Nursing aspects*
- Ellie Dowling** Speech-Language Pathologist, Vanderbilt-Bill Wilkerson Center for Otolaryngology and Communication Sciences, Nashville, USA
8.11 *Head and neck cancer*
- Robin Downie** Professor of Moral Philosophy, University of Glasgow, Glasgow, UK
3.3 *Truth-telling and consent*
- Derek Doyle, OBE** Formerly Medical Director/Consultant in Palliative Medicine, St Columba's Hospice, Edinburgh, UK
1 *Introduction*
17.1 *Palliative medicine in the home*
18 *The terminal phase*
- Len Doyal** Professor of Ethics, The Royal London Hospital NHS Trust, London, UK
3.5 *Palliative medicine and children: ethical and legal issues*
- Luke Doyle** Senior Physiotherapist, Calvary Hospital, Kogarah & nbsp, Sydney, Australia
15.4 *The contribution of physiotherapy to palliative medicine*
- Stacy Orloff** Bereavement Counsellor, The Hospice of the Florida Suncoast, USA
9.6 *Bereavement issues and staff support*
- Francis G. Dunn** Consultant Cardiologist/Clinical Director, Cardio-Thoracic Directorate, Stobhill NHS Trust, Glasgow, UK
10.5 *Palliative medicine for patients with end-stage heart disease*
- Mark Emberton** Senior Lecturer in Oncological Urology, Institute of Urology, London, UK
8.1.3 *Surgical palliation*
- Robin L. Fainsinger** Director, Palliative Care Program, Royal Alexandra Hospital, Edmonton, Canada
8.4.2 *Clinical assessment and decision-making in cachexia and anorexia*
- Marie Fallon** Consultant in Palliative Medicine/Senior Lecturer, Department of Oncology and Palliative Care, Western General Hospital NHS Trust, Edinburgh, UK
8.2.3 *Opioid analgesic therapy*
10.1 *Introduction*
- Lesley Fallowfield** Professor of Psycho-Oncology, Psychosocial Oncology Group, School of Biological Sciences, University of Sussex, Brighton, UK
4.1 *Communication with the patient and family in palliative medicine*
- Betty R. Ferrell** Associate Research Scientist, City of Hope National Medical Center, Duarte, California, USA
12.2 *Emotional problems in the family*
- Helen Fielding** Principal Clinical Pharmacist, Fairmile Marie Curie Centre, Edinburgh, UK
15.9 *The contribution of the clinical pharmacist to palliative medicine*
- Jacqueline Filshie** Consultant Anaesthetist, Royal Marsden Hospital, London, UK
8.2.9 *Acupuncture*
- Baroness Ilora Finlay of Llandaff** Professor of Palliative Medicine, University of Wales College of Medicine, Velindre NHS Trust, Cardiff, UK
20.2 *Training family physicians*
- Sarah Fisher** Senior Physiotherapist, The Beacon Community Cancer and Palliative Care Centre, Guildford, UK
15.4 *The contribution of physiotherapy to palliative medicine*
- Kathleen M. Foley** Professor, Department of Neurology, Memorial Sloan Kettering Cancer Center, New York, USA
8.2.2 *Acute and chronic cancer pain syndromes*
- Karen Forbes** Consultant and Macmillan Senior Lecturer in Palliative Medicine, Department of Palliative Medicine, Bristol Haematology and Oncology Centre, Bristol, UK
8.2.11 *Difficult pain problems: an integrated approach*
- Carl Johan Fürst** Medical Director, Palliative Care Unit, Stockholms Sjukhem Foundation, Associate Professor Oncology, Karolinska Institute, Stockholm, Sweden
18 *The terminal phase*
- Charles S.B. Galasko** Professor of Orthopaedic Surgery, Hope Hospital, Salford, UK
8.1.4 *Orthopaedic principles and management*
- Paul Glare** Consultant in Palliative Medicine, Royal Prince Alfred Hospital, Sydney, Australia
2.4 *Predicting survival in patients with advanced disease*
10.2 *AIDS in adults*
- Ann Goldman** Consultant in Paediatric Palliative Medicine, Great Ormond Street Hospital for Children, London, UK
3.5 *Palliative medicine and children: ethical and legal issues*
- Gilbert R. Gonzales** Attending Physician, Pain and Palliative Care Service, Memorial Sloan Kettering Cancer Center, New York, USA
8.2.1 *Pathophysiology of pain in cancer and other terminal diseases*
- Patricia Grocott** Research Fellow, Florence Nightingale School of Nursing and Midwifery, King's College London, London, UK
8.9.2 *Nursing aspects*
- Geoffrey Hanks** Professor of Palliative Medicine, University of Bristol, Bristol Haematology and Oncology Centre, Bristol, UK
1 *Introduction*
5.2 *Research in palliative care: getting started*
7 *Principles of drug use in palliative medicine*
8.2.3 *Opioid analgesic therapy*
8.2.11 *Difficult pain problems: an integrated approach*
- Samuel J. Hassenbusch** Associate Professor, Department of Neurosurgery, MD Anderson Medical Center, Houston, USA
8.2.7 *Neurosurgical approaches in palliative medicine*
- Anne P. Hemingway** Professor of Diagnostic Radiology, Department of Imaging, Hammersmith Hospital, London, UK
8.1.5 *Interventional radiology*
- Irene J. Higginson** Department of Palliative Care and Policy, King's College London, London, UK
2.2 *The epidemiology of death and symptoms*
6.2 *Clinical and organizational audit in palliative medicine*
- Katherine Hopkins** Consultant Physician, Palliative Care Team, Royal Free Hospital, London, UK
14 *Rehabilitation in palliative medicine*
- Peter J. Hoskin** Consultant Clinical Oncologist, Mount Vernon Centre for Cancer Treatment, Middlesex, UK
8.1.2 *Radiotherapy in symptom management*
- Andrew M. Hoy** Consultant in Palliative Medicine/Medical Director, Princess Alice Hospice, Esher, UK
20.3 *Training specialists in palliative medicine*
- Jane M. Ingham** Director, Palliative Care Programme and Associate Professor of Medicine, Georgetown University Medical Center, Washington DC, USA
6.1 *The measurement of pain and other symptoms*

- David Jeffrey** Consultant in Palliative Medicine, 3 Counties Cancer Centre, Cheltenham, UK
 4.2 *Communication with professionals*
- Stein Kaasa** Professor of Palliative Medicine, University Hospital of Trondheim, Trondheim, Norway
 5.2 *Research in palliative care: getting started*
 6.3 *Quality of life in palliative medicine—principles and practice*
- Menelaos Karanikolas** Assistant Professor of Anaesthesiology, Pain Management Center, Washington University School of Medicine, St Louis, USA
 8.2.6 *Anaesthetic techniques for pain control*
- Krikor Kichian** Consultant Physician, Department of Gastro-Enterology, University of Alberta, Edmonton, Canada
 8.3.5 *Jaundice, ascites, and hepatic encephalopathy*
- Deborah Kirklin** Head of Medical Humanities Unit, University College London, London, UK
 20.5 *The role of the humanities in palliative medicine*
- David W. Kissane** Professor, Centre for Palliative Care, Department of Medicine, University of Melbourne, Victoria, Australia
 5.5 *Research into psychosocial issues*
 19 *Bereavement*
- Linda J. Kristjanson** Professor of Palliative Care, Edith Cowen University, Churchlands, Australia
 5.3 *Qualitative research*
- Vic Larcher** Consultant Paediatrician, The Royal London Hospital NHS Trust, London, UK
 3.5 *Palliative medicine and children: ethical and legal issues*
- Richard M. Leach** Consultant Chest Physician, Guys and St Thomas' Hospital Trust, St Thomas' Hospital, London, UK
 10.4 *Palliative medicine and non-malignant, end-stage respiratory disease*
- S. Lawrence Librach** Professor of Pain Control and Palliative Care, University of Toronto, Mount Sinai Hospital, Toronto, Canada
 17.2 *Palliative care in the home: North America*
- J. Norelle Lickiss, AO** Professor and Director, Sydney Institute of Palliative Medicine, Royal Prince Alfred Hospital, Sydney, Australia
 2.5 *The interdisciplinary team*
- Jon Håvard Loge** Professor, Department of Behavioural Sciences in Medicine, University of Oslo, Oslo, Norway
 6.3 *Quality of life in palliative medicine—principles and practice*
- Charles L. Loprinzi** Specialist Medical Oncologist, Mayo Clinic, Minnesota, USA
 8.7 *Pruritus and sweating in palliative medicine*
- David Lussier** Fellow, Department of Pain Medicine and Palliative Care, Beth Israel Medical Centre, New York, USA
 8.2.5 *Adjuvant analgesics in pain management*
 8.2.11 *Difficult pain problems: an integrated approach*
- Alison MacDonald** Senior Lecturer, Department of Speech and Language Sciences, Queen Margaret University College, Edinburgh, UK
 15.5 *The contribution of speech and language therapy to palliative medicine*
- Neil MacDonald, CM** Division of Palliative Medicine, Department of Oncology, University of Montreal, Quebec, Canada
 2.3 *Palliative medicine and modern cancer care*
 3.2 *Confidentiality*
 3.6 *Ethical issues in palliative care research*
- Peter Maguire** Consultant Psychiatrist/Senior Lecturer, Cancer Research Psychological Medicine Group, Manchester, UK
 20.4 *Learning counselling*
- Kathryn A. Mannix** Consultant in Palliative Medicine, Newcastle Marie Curie Centre, Newcastle upon Tyne, UK
 8.3.1 *Palliation of nausea and vomiting*
- Cinzia Martini** Physician, Neurology Unit, Rehabilitation and Palliative Care, Istituto Nazionale dei Tumori, Milan, Italy
 8.14 *Neurological problems in advanced cancer*
- Mitchell B. Max** Director, Clinical Trials Unit, Pain and Neurosensory Mechanisms Branch, National Institute of Dental Research, Bethesda, MD, USA
 5.4 *Clinical trials of treatments for pain*
- Alan Maynard** Professor, Department of Health Economics, University of York, Heslington, UK
 2.6 *Economics-based palliative medicine*
- Dorothy McArthur** Principal Clinical Pharmacist, St Columba's Hospice, Edinburgh, UK
 15.9 *The contribution of the clinical pharmacist to palliative medicine*
- Jenny McClure** Clinical Specialist in HIV/Palliative Care, Department of Physiotherapy, Edenhall Marie Curie Centre, London, UK
 15.4 *The contribution of physiotherapy to palliative medicine*
- Andrew D. McGavigan** Clinical Research Fellow, Cardio-Respiratory Directorate, Stobhill Hospital, Glasgow, UK
 10.5 *Palliative medicine for patients with end-stage heart disease*
- Patricia A. McGrath** Director, Pediatric Pain Program, Child Health Research Institute, Ontario, Canada
 9.1 *Pain control*
- Malcolm McIlmurray** Professor, Department of Medical Oncology, Royal Lancaster Infirmary, Lancaster, UK
 8.1.1 *Palliative medicine and the treatment of cancer*
- Henry J. McQuay** Professor of Pain Relief, University of Oxford, Pain Research Unit, The Churchill Hospital, Oxford, UK
 5.1 *The principles of evidence-based medicine*
 8.2.4 *Non-opioid analgesics*
- Diane E. Meier** Professor of Geriatrics and Palliative Care, Mount Sinai Hospital, New York, USA
 10.7 *Palliative medicine and care of the elderly*
- Sebastiano Mercadante** Consultant in Pain and Palliative Care, Pain Relief and Palliative Care Unit, La Maddalena Cancer Center, Palermo, Italy
 8.3.4 *Pathophysiology and management of malignant bowel obstruction*
- Anna Monias** Fellow, Department of Geriatrics and Palliative Care, Mount Sinai Hospital, New York, USA
 10.7 *Palliative medicine and care of the elderly*
- Barbara Monroe** Chief Executive, St Christopher's Hospice, London, UK
 13 *Social work in palliative medicine*
- Andrew Moore** Director of Research, Pain Research Unit, The Churchill Hospital, Oxford, UK
 5.1 *The principles of evidence-based medicine*
 8.2.4 *Non-opioid analgesics*
- Peter S. Mortimer** Professor and Consultant Dermatologist, Skin Department, St George's Hospital, London, UK
 8.9.1 *Medical aspects*
 8.9.3 *Lymphoedema*
- Timothy Mould** Consultant Gynaecological Oncologist, Department of Gynaecological Oncology, University College London Hospitals, London, UK
 8.1.3 *Surgical palliation*
- Barbara A. Murphy** Associate Professor, Vanderbilt-Ingram Cancer Center, Nashville, USA
 8.11 *Head and neck cancer*
- Hans Neuenschwander** Specialist Oncologist, FMH Medicina Interna Specialita Oncologia, Switzerland
 8.5 *Fatigue and asthenia*
- Simon R. Noble** Specialist Registrar in Palliative Medicine, All Wales Training Programme, Velindre Hospital, Wales, UK
 20.2 *Training family physicians*
- Richard W. Norman** Professor, Department of Urology, Dalhousie University, Halifax, Canada
 8.10 *Genito-urinary problems in palliative medicine*
- Clare O'Callaghan** Principal Music Therapist, Social Work Department, Peter MacCallum Cancer Centre, Melbourne, Australia
 15.2 *The contribution of music therapy to palliative medicine*
- James M. Oleske** FXB Professor of Pediatrics, UMDNJ/New Jersey Medical School, Newark, USA
 10.3 *Palliative medicine for children and adolescents with HIV/AIDS*
- Joan T. Panke** Executive Director, DC Partnership to Improve End-of-Life Care, Washington DC, USA
 12.2 *Emotional problems in the family*
- Steven D. Passik** Director, Symptom Management and Palliative Care Program, Markey Cancer Center, Associate Professor of Medicine and Behavioral Science, University of Kentucky, Kentucky, USA
 8.2.10 *Psychological and psychiatric interventions in pain control*
 8.17 *Psychiatric symptoms in palliative medicine*

- Ugo Pastorino** Consultant Surgeon, Department of Thoracic Surgery, European Institute of Oncology, Milan, Italy
8.1.3 *Surgical palliation*
- David Payne** Assistant Attending Psychologist, Psychiatry Service, Memorial Sloan Kettering Cancer Center, New York, USA
8.2.10 *Psychological and psychiatric interventions in pain control*
- Rich Payne** Chief, Pain and Palliative Care Department, Memorial Sloan Kettering Cancer Center, New York, USA
8.2.1 *Pathophysiology of pain in cancer and other terminal diseases*
- Ian C. Pearson** Specialist Registrar in Dermatology, Skin Department, St George's Hospital, London, UK
8.9.1 *Medical aspects*
- Jose Pereira** Professor of Palliative Medicine, Department of Oncology, University of Calgary, Alberta, Canada
8.4.2 *Clinical assessment and decision-making in cachexia and anorexia*
- Carolyn Pitceathly** Research Associate, Cancer Research Psychological Medicine Group, The Christie Hospital, Manchester, UK
20.4 *Learning counselling*
- Mark R. Pittelkow** Associate Professor of Dermatology, The Mayo Clinic, Minnesota, USA
8.7 *Pruritus and sweating in palliative medicine*
- M. Lois Pollock** Co-ordinator, Social Work/Community Work, Aged Services, Jewish Care, Sydney, Australia
2.5 *The interdisciplinary team*
- Russell K. Portenoy** Chairman, Department of Pain and Palliative Medicine, Beth Israel Hospital, New York, USA
5.4 *Clinical trials of treatments for pain*
6.1 *The measurement of pain and other symptoms*
8.2.5 *Adjuvant analgesics in pain management*
8.2.11 *Difficult pain problems: an integrated approach*
- Thomas J. Prendergast** Associate Professor of Medicine and Anaesthesiology, Section of Pulmonary and Critical Care Medicine (3D), Dartmouth-Hitchcock Medical Center, Lebanon, USA
10.8 *Palliative medicine in intensive care*
- Fiona Randall** Consultant in Palliative Medicine, Christchurch Hospital, Christchurch, UK
3.3 *Truth-telling and consent*
- Claud Regnard** Consultant in Palliative Medicine, St Oswald's Hospice, Newcastle upon Tyne, UK
8.3.2 *Dysphagia, dyspepsia, and hiccup*
20.6 *Internet and IT learning*
- Rosemary Richardson** Senior Lecturer, Department of Dietetics and Nutrition, Queen Margaret University College, Edinburgh, UK
8.4.3 *Dietary and nutritional aspects of palliative medicine*
15.3 *The contribution of the dietician and nutritionist to palliative medicine*
- Carla Ripamonti** Consultant in Medical Oncology and Clinical Pharmacology, Rehabilitation and Palliative Care, Istituto Nazionale dei Tumori, Milan, Italy
8.3.4 *Pathophysiology and management of malignant bowel obstruction*
8.12 *Mouth care*
- Margaret Robbins** Research Fellow, University of Bristol, Department of Palliative Medicine, Bristol Haematology and Oncology Centre, Bristol, UK
5.2 *Research in palliative care: getting started*
- Clive J.C. Roberts** Clinical Dean of Bristol Medical School & Consultant Senior Lecturer in Clinical Pharmacology and Therapeutics, Department of Medicine, Bristol Royal Infirmary, Bristol, UK
7 *Principles of drug use in palliative medicine*
- Angela Rogers** Research Fellow, Department of Palliative Care and Policy, Guys, King's and St Thomas' School of Medicine, King's College, London, UK
10.6 *Palliative medicine in non-malignant neurological disorders*
- David J. Roy, OC**, Director of the Center for Bioethics, Clinical Research Institute, Montreal, Canada
3.7 *Euthanasia and withholding treatment*
- Tarun Sabharwal** Consultant Interventional Radiologist, Department of Radiology, St Thomas's Hospital, London, UK
8.1.5 *Interventional radiology*
- Richard Sainsbury** Senior Lecturer in Surgery, Royal Free and University College London Medical School, London, UK
8.1.3 *Surgical palliation*
- Mave Salter** Clinical Nurse Specialist/Stoma Therapist, Community Liaison, Surrey, UK
15.7 *The contribution of stoma therapy to palliative medicine*
- Robert B. Santulli** Associate Professor of Psychiatry, Dartmouth-Hitchcock Sleep Disorders Center, Dartmouth Medical Center, Lebanon, USA
8.16 *Sleep in palliative care*
- Michael J. Sateia** Associate Professor of Psychiatry & Director, Dartmouth-Hitchcock Sleep Disorders Center, Dartmouth Medical School, Lebanon, USA
8.16 *Sleep in palliative care*
- Cicely M. Saunders, OM, DBE**, Chairman and Founder, St Christopher's Hospice, London, UK
Foreword
- Alberto Sbanotto** Physician, Department of Neurology, Istituto Nazionale dei Tumori, Milan, Italy
8.12 *Mouth care*
- Karon Scharpen-von-Heussen** Consultant in Palliative Medicine, Edenhall Marie Curie Centre, London, UK
14 *Rehabilitation in palliative medicine*
- Glenn Schulman** Physician, Integrative Medicine Service, Memorial Sloan Kettering Cancer Center, New York, USA
16 *Complementary therapies in palliative medicine*
- Michael M.K. Sham** Consultant in Palliative Care and Chest Medicine, Nam Long Hospital, Hong Kong
8.8 *Palliative medicine in malignant respiratory diseases*
- Fabio Simonetti** Physician, Neurology Unit, Rehabilitation and Palliative Care, Istituto Nazionale dei Tumori, Milan, Italy
8.14 *Neurological problems in advanced cancer*
- Ann Smyth** Director of Training for Psychology Services, NHS Education for Scotland, Edinburgh, UK
3.4 *Educating for professional competence in palliative medicine*
- Stephen Spiro** Professor of Respiratory Medicine, Department of Thoracic Medicine, Middlesex Hospital, London, UK
8.1.3 *Surgical palliation*
- Michael M. Stevens** Senior Staff Specialist and Head, Oncology Unit, The Children's Hospital, Westmead, Sydney, Australia
9.3 *Psychological adaptation of the dying child*
9.4 *Care of the dying child and adolescent: family adjustment and support*
- Jan Stjernswärd** International Director, WHO Collaborating Centre and Oxford International Centre for Palliative Care, Churchill Hospital, Oxford, UK
21 *Palliative medicine—a global perspective*
- Florian Strasser** Assistant Professor, Department of Oncology and Palliative Medicine, Kantonsspital, St Gallen, Switzerland
8.4.1 *Pathophysiology of the anorexia/cachexia syndrome*
- Annette F. Street** Senior Lecturer, School of Nursing and Midwifery, La Trobe University, Australia
5.5 *Research into psychosocial issues*
- Lizabeth H. Sumner** Director of Pediatric Program, San Diego Hospice, San Diego, USA
9.5 *Special consideration for children in palliative medicine*
- Robert A. Swarm** Chief, Pain Management Center, Washington University School of Medicine, Washington, USA
8.2.6 *Anaesthetic techniques for pain control*
- Catherine Sweeney** Research Officer/Medical Tutor, Marymount Hospice, Cork, Republic of Ireland
8.4.4 *Pharmacological interventions in cachexia and anorexia*
8.5 *Fatigue and asthenia*
- Nigel Sykes** Medical Director, St Christopher's Hospice, Sydenham, London, UK
8.3.3 *Constipation and diarrhoea*
- John W. Thompson** Hon. Physician and Honorary Consultant in Medical Studies, St Oswald's Hospice, Newcastle-upon-Tyne, UK
8.2.9 *Acupuncture*
- Anne Berit Thorsen** Associate Consultant in Palliative Care, Palliative Care Unit, Haven of Hope Hospital, Hong Kong
8.8 *Palliative medicine in malignant respiratory diseases*
- Adrian J. Tookman** Consultant in Palliative Medicine/Medical Director, Edenhall Marie Curie Centre, London, UK
14 *Rehabilitation in palliative medicine*

- Doris M.W. Tse** Chief of Service, Department of Medicine and Geriatrics, Caritas Medical Centre, Hong Kong
 8.8 *Palliative medicine in malignant respiratory diseases*
- Kristen S. Turner** Palliative Medicine Specialist, Sydney Institute of Palliative Medicine, Sydney, Australia
 2.5 *The interdisciplinary team*
- A. Robert Turner** Professor, Department of Oncology, Cross Cancer Institute, Northern Alberta Cancer Program, Alberta, Canada
 8.6 *Clinical management of anaemia, cytopenias, and thrombosis in palliative medicine*
- Mary L.S. Vachon** Consultant Clinical Psychologist, Psychotherapy & Consulting Inc, Toronto, Canada
 12.1 *The emotional problems of the patient in palliative medicine*
 12.3 *The stress of professional caregivers*
- Carolynne Vaizey** Consultant Surgeon, GI Unit, The Middlesex Hospital, London, UK
 8.1.3 *Surgical palliation*
- Vittorio Ventafridda** Scientific Director, Fondazione Floriani, Milan, Italy
 8.12 *Mouth care*
- Raymond Voltz** Professor, Department of Neurology, University of Munich, Munich, Germany
 8.15 *Brain tumours*
 10.6 *Palliative medicine in non-malignant neurological disorders*
- Alexander Waller** Medical Director, The Hospice, Sheba Medical Center, Tel Aviv, Israel
 8.2.8 *Transcutaneous electrical nerve stimulation (TENS)*
- Charles Weijer** Associate Professor, Department of Bioethics, Dalhousie University School of Medicine, Halifax, Canada
 3.6 *Ethical issues in palliative care research*
- Philip Wiffen** Coordinating Editor Cochrane Pain and Supportive Care Group, Pain Research Unit, The Churchill Hospital, Oxford, UK
 5.1 *The principles of evidence-based medicine*
- Michèle Wood** Art Therapist/Senior Lecturer, Edenhall Marie Curie Centre, London, UK
 15.6 *The contribution of art therapy to palliative medicine*
- Roger Woodruff** Director of Palliative Care, Austin and Repatriation Medical Centre, Heidelberg, Victoria, Australia
 10.2 *AIDS in adults*
- Ram Yogev** Medical Director, Pediatric and Maternal HIV Infection, Division of Infectious Diseases, Children's Memorial Hospital, Chicago, USA
 10.3 *Palliative medicine for children and adolescents with HIV/AIDS*
