Look at the four dogs. Read the descriptions and write the names under the correct pictures.

The basset hound has got a long body, but very short legs. It has got a long tail and long ears, too. It isn't a very fast dog.

The greyhound is very fast. It has got a long body and very long, thin, legs. Its head is small and it has got a long nose and small ears.

The bulldog is very different. It has got a short body, short legs, and a very large head. It has got a large mouth with strong teeth. But like the greyhound, it has got short hair.

The poodle is the only dog here with long hair. It has got a long body, short legs, a long tail and a large head. It has got a lot of hair on its body, tail and ears. The poodle comes from China.
