So he starts to dig in the sand with his bare hands, and after a while he finds a small locked box. The voice says: OPEN! The man opens it. He finds a rock and breaks the box open. Inside, there are a lot of gold coins. The voice says: TO THE CASINO! The casino is only a few miles away, so the man takes the box and walks there. The voice says: ROULETTE! Everybody is quiet when the croupier throws the ball. The ball stays at 26. The voice says: BAD LUCK!
