

The Oxford Encyclopedia of Maritime History

Editor in Chief:
John B. Hattendorf
Naval War College Museum

'A historical tour de force for maritime history that will long stand as the definitive work encompassing depth, variety, and historical perspective. Summing up: Essential.'

Choice

2008 Dartmouth Medal – WINNER

- ◆ **The most comprehensive reference work on the sea and its influence on human life**
- ◆ **Over 900 original, signed articles by an international group of expert historians and naval officers**

This is an encyclopedia of maritime history that covers the entire history of seafaring, from ancient Egyptian shipbuilders to Viking sea-raiders, from Nelson and the Napoleonic Wars to the nuclear submarines and supertankers of today. Placing maritime affairs in their larger historical context, the *Encyclopedia* shows how seafaring has both reflected and influenced the major economic, cultural, military, and political developments in world history.

The *Encyclopedia* offers a uniquely integrated approach. It emphasizes the connections between maritime history and such fields as naval history, shipbuilding, navigation and scientific instrumentation, maritime art and literature, commerce and economics, exploration and maritime geography, oceanography and hydrology, and international maritime law. As a result, a wealth of information is available in a single reference work that could otherwise be found only with the help of an extensive library.

How to order: Please order from your library supplier or Oxford University Press.

You can browse the book with ease

Highlight any word or phrase and then click 'cross reference' to look it up!

You can print and email the entry

Cross-search the full text of 4 volumes of information with ease

Article view - the search term is shown in red, cross-references in blue

Excellent functionality...

- ◆ **Quick search** by word or phrase from every web page
- ◆ **Widen your search** to a full text search, or a pattern search, with a single click
- ◆ **Browse** the entry headings alphabetically, just like a book's index
- ◆ **Extensive cross-references** increase research possibilities, and provide an alternative way to browse the full text
- ◆ **Email** entries and search results
- ◆ **Citation information** is available for all entries

Other benefits...

- ◆ **Extensive online help** and excellent customer and technical support
- ◆ **Hosting** is free for subscribers to *Oxford Reference Online: Premium Collection*. Otherwise hosting is available from OUP for a small annual fee. XML files can also be supplied to libraries wishing to self-host titles
- ◆ **Detailed usage statistics** allow you to track how often your users are accessing your *Oxford Digital Reference Shelf* titles
- ◆ **OpenURL** compliance enables your users to query your library catalogue with bibliographic information
- ◆ **MARC21** records are available free of charge to aid cataloguing

All *Oxford DRS* titles are also fully cross-searchable with titles in *Oxford Reference Online: Premium Collection*
