

# The Oxford Encyclopedia of the Reformation

Editor:  
**Hans J. Hillerbrand**  
Duke University

- ◆ **A unique compendium of contemporary scholarship on the Reformation**
- ◆ **1,200 original, signed articles by 450 leading international scholars**

**'Simply the best general reference work on the Reformation... It should be on the shelves of every scholar and...library.'**

*The Oxford Encyclopedia of the Reformation* is the ultimate reference work on this tumultuous period of European History. Drawing on recent research in the field, it focuses on the entire range of religious and social changes wrought by the Reformation, including not only issues of church polity and theology but also related developments in politics, economics, demographics, art, and literature. This unique breadth of coverage makes it an unparalleled source of information on the personalities and events of the era.

Written by more than 450 distinguished scholars, under the guidance of an international board of experts, the entries are arranged alphabetically and range from brief biographical sketches to magisterial essays on major topics and people of the sixteenth century.
