Thanksgiving is a lot like a Harvest Festival – just as you might have at school.

In the United States it is traditional to stuff a **cornucopia** (a basket shaped like a horn) full of harvest produce like fruit and nuts to make a beautiful display.

- Spend 15 minutes (no more!) using a search engine like Google to find as many other Thanksgiving traditions as you can, and 'stuff' them into the cornucopia below.
- Highlight in **colour** the traditions that we also have in the UK for any of our holidays.
- Compare with your classmates to see who found the most.
- If you run out of room, use any space on this worksheet – you could even write on the back!
