

Describe it

Adjectives are words for describing things.

'There is an animal prowling round the field.'

'Is there? What kind of animal?'

'Well it's ...'

a Which of the following adjectives would you have used to describe the animal on the school field? Draw a circle around the ones you have chosen. Look the adjectives up in the dictionary.

- friendly dangerous nasty aggressive
powerful timid cheeky massive

Think of three or four more adjectives that describe the animal. You could use each of these adjectives to describe different parts of the animal. Which adjective best describes each part?

- jagged
- ferocious
- inquisitive
- runny
- furry
- sturdy

b From the dictionary, find out something about these animals. Then choose a different adjective to describe each one, in a short sentence.

- hippopotamus
- lizard
- leopard
- snake
- weasel
- giraffe
